

Jeff Martin, PGA

Jeff Martin has been a PGA class A professional for 5 years, after completing the PGM program offered through the PGA of America. Jeff has been in the golf business for 16 years, working at both public and private facilities. His path to becoming a PGA professional started at Crag Burn Golf Club, his first private golf club experience. After a season working as an assistant, Jeff enrolled in the PGM program.

Following a second season at Crag Burn, Jeff headed to south Florida during the winter to work at the Jupiter Hills Club. This high end, prestigious top 100 club gave Jeff a new understanding of the golf business. Following Jupiter Hills, Jeff came back to Western New York to serve as the 2nd Assistant Professional at the Country Club of Buffalo, with a focus on tournament operations. Once again, this employment gave Jeff a different outlook of the golf business. Following CCB, Jeff headed down to Springville Country Club for 5 seasons, where he was able to

finish his PGM program, became elected to PGA membership, and was able to take on all aspects of the golf operations, which allowed Jeff to become the Head Golf Professional at Shorewood Country Club following Springville Country Club. Now, Jeff is back at Crag Burn Golf Club where his journey began.

Through all of Jeff's employment, a focus on tournament operations, instruction and club repair was at the forefront of his day to day experiences. Jeff believes his wide range of clubs he has spent time at has helped to broaden his view of golf operations, specifically at private golf clubs. Jeff has learned from some of the best golf professionals in Western New York, and is excited to share his experiences, knowledge and insight with both current and future PGA professionals.
